

Introduction

Windrose Advisors LLC is registered as an investment adviser with the U.S. Securities and Exchange Commission. Investment Advisory Services and Brokerage fees differ, and it is important for you to understand these differences. Free and simple tools are available to research firms and financial professionals at www.investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers, and investing.

What investment services and advice can Windrose provide me?

We offer services to individual and institutional clients. **Accounts:** We service individual nonqualified and qualified accounts as well as all manner of institutional accounts. **Investments:** We use mutual funds, exchange traded funds, stocks, bonds, commingled fund structures and limited partnerships to construct portfolios.

Monitoring: We monitor portfolios and securities in accounts on an ongoing basis. Additionally, we conduct a formal review of all external funds on a regular basis. We meet with clients at least annually, often more frequently, depending on your needs. **Investment Authority:** We provide our services on a perpetual discretionary and nondiscretionary basis as requested. We execute investment recommendations and specific transactions, in accordance with clients' investment objectives, with or without clients' prior approval, based upon discretionary or nondiscretionary account management status. Our engagement will continue until clients notify us otherwise in writing. **Limited Investment Offerings:** We do not make available or offer advice with respect to proprietary products nor to a strictly limited menu of products or types of investments. **Account Minimums and Other Requirements:** We do not require an account or relationship size minimum in order for you to open/maintain an account or establish a relationship; however, our clients generally have investable assets ranging from \$25 million to \$1 billion.

For more detailed information on our relationships and services, please see Item 4 – Advisory Services and Item 7 – Types of Clients of our Form ADV Part 2A.

- *Given my financial situation, should I choose an investment advisory service? Why or why not?*
- *How will you choose investments to recommend to me?*
- *What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?*

What fees will I pay?

You will pay an ongoing asset-based fee. This fee will be collected at the beginning of each quarter and is calculated as a percentage of the value of the cash and investments in your account[s] that we manage. **Conflicts of Interest:** The more assets in your advisory account, the more you will pay in advisory fees, and we therefore have an incentive to encourage you to increase the assets in your account. In certain circumstances, as the assets in your accounts increase, our fee rates decrease at certain breakpoints. **Other Fees and Costs:** In addition to our advisory fee, you will also be responsible for fees paid to money managers, fees related to mutual funds, custodians, and other administrative costs associated with reporting and maintaining the investment program, and other transactional fees.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A.

- *Help me understand how these fees and costs might affect my investments. If I give you \$1,000,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What Are Your Legal Obligations to Me When Acting as My Investment Adviser? How Else Does Your Firm Make Money and What Conflicts of Interest Do You Have?

When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflict. You should understand and ask us about these conflicts because they can affect the investment advice we provide. Where we serve as investment manager to proprietary pooled investment vehicles, we may charge a management and performance fee to investors. We will recommend that you open your account with a specific custodian, where we have an institutional relationship and receive economic benefits. However, you ultimately decide where to open your accounts. Choosing a different custodian may result in the loss of quality of service and/or ability to obtain favorable prices.

How Do Your Financial Professionals Make Money?

Our financial professionals are compensated based on an agreed upon salary, and a discretionary bonus. This means financial professionals have an incentive to increase the asset size in the relationship or solicit new business.

Do you or your financial professionals have legal or disciplinary history?

No. You can visit www.investor.gov/CRS for a free and simple search tool to research our firm and our financial professionals.
